

Dramatic, chic, urban - these are just a few words to describe this incredibly stylish kitchen. High gloss black doors coupled with extra thick worktops enhance the elegant linear design. This style of door also lends itself to a mix and match approach - for example, introduce a second colour such as red for an even more striking design.

## Duleek / High Gloss White

White high gloss doors set against white walls create the perfect blank canvas to suit your individual taste, mood and personality - be it 50's pastel retro or urban monochrome. What does your kitchen say about you?

Features wide stiles and rails with chamfered corners. The mesh door insets, sliding shutter and stainless corner unit all add a subtle contemporary feel to this classic kitchen. Very much a style that would suit a wide range of settings - be it a new build, an apartment or an older property.

## Houston / Pippy Oak

## Duleek / Olivewood & Lime Green High Gloss

Zingy, fresh, fun, stylish and current - with the emphasis on city chic! This kitchen merits all of these adjectives and yet, the lime green doesn't overpower in any way. Teamed with the rich tones of olivewood, this is the perfect way to introduce fabulous colour to your home.

The striking doors and metallic finishes make a strong style statement in this kitchen. The lines are fluid and uncomplicated and colour is kept to a minimum. Let those doors take central stage! Truly a kitchen to simply stand back and admire over a cup of espresso.

## Duleek Light Tiepolo

## Tuscany Medium Tiepolo

This versatile yet elegant kitchen has a very broad appeal. The warmth of the walnut tones in this five piece door are pleasing to the eye. Subtle touches of pale blue add depth and interest to the décor.

As is often the case, our taste and style in clothes are reflected in our taste in décor. The rich mulberry walls work perfectly with the contemporary high gloss units - adding a sense of drama and individuality
